## AN EVENING

## DEBATE

Under the auspices of the I.O.D.E. on

Thurs. Jan. 11th

— in the —  
MEMORIAL HALL

Strathmore

at 8.15 p.m. Support was

Two Dets and wheat pro

senior—by the tariff favored

dian System on for the primary

United States opening of the Hudson

Affairs endorsed and the return

and the natural resources to be

in provinces, while the policy

declined in regard to the St. Law-

rence subject was that of purely Cana-

dian. The speaker's ability and energy

he will know and his election to

conservative leadership was well

received by the party throughout the

country. The same cannot be said so

truly of the new platform, various fea-

ture of which have met with a good

deal of criticism in the East. In Mon-

trout there is objection to the con-

clusions made to the West, and in On-

tario there is much opposition to the

policy in regard to the St. Lawrence.

The convention, however, has put a

new and more aggressive spirit into

the party.

The Provincial general elections were

held during the year in Manitoba

and Prince Edward Island. In this

province the Bracken government

went to the elections on its financial

record and its policy of encouraging

cons. around development of the

province.

In Prince Edward Island the govern-

ment of Premier J. D. Stewart

was defeated by the Liberals under

A. C. Saunders on the issue of

dropping prohibition and permitting

the sale of liquor under government

control. The Conservative landslide

of 1923 was reversed this year. The

Liberals coming back with an over-

whelming majority and Mr. Sam-

uels formed a new government.

Among the public life and how

passed away during the year were

Hon. Thomas H. Johnson, former

attorney-general of Manitoba, Pre-

## SPORT NOTES

DELANEY HAS A NEW MANAGER

NEW YORK, N.Y.—The contract for

management of Jack Delaney, the

world's light heavyweight cham-

pion, which originally cost Pete Kelly

only \$800 for years ago, was purchased

by Joe Jacobs of New York for \$50,000.

The deal, announced jointly by

Jacobs and Kelly after new contracts

had been drawn at the offices of the

State Athletic Commission, also in-

cluded the transfer of the management

of Sammy Vogel, New York light-

weight. Jacobs, however, declared

Delaney was worth the whole price.

Delaney's new contract with Jacobs

has two years to run while Vogel's

has three.

Delaney, who relinquished the light

heavyweight crown several months

ago to cast his lot among the heavy-

weights, will be pushed forward as a

challenger for Gene Tunney's title.

Jacobs declared. A match with the

winner of the prospective Sharkey

Heavy battle will be sought.

Although Kelly paid only \$700 for

Delaney's services originally, he paid

\$15,000 for the fighter's contract little

less than three years ago after having

released him. Delaney recently has

sprung into prominence, knocking out

Faul Berenbeck. Under Kelly's man-

agement, the French-Canadian pro-

gressed rapidly, winning the 175 pound

title in July, 1926, from Berenbeck,

knocking out Mike McTigue, and vice-

putting the late Terry Flowers to

sleep.

Reilly announced his retirement from

boxing, at least temporarily, to devote

his time to other business interests.

Jacobs already has a stable of boxers

that include Frankie Genaro, Eddie

Wagner, Jack McVey and Joe tick-

ler.

BILLY BARTON, U. S.

JUMPER, ENTERED IN

BIRMINGHAM RACE

SWINDON, Eng.—Billy Barton, Mary-

land jumper, has been entered in the

Slayers handicap at Birmingham this

week.

The blizzard and cold wave of the

last week has upset the training of

released horses everywhere, and the

reimbursement of his first engagement in Brit-

tain depends entirely on the weather.

The cold wave started just when

Billy Barton was ready for serious

work. The Wiltshire downs, ideally

sited for training a candidate for the

Grand National, have been frozen and

impossible for exercising. The thaw

now under way has frozen the

ground, however, and if it dries out

sufficiently in the next few days, Billy

Barton's trainer believes he can have

him in condition.

known as the Wilcox and some

other big producing sand.

According to Dr. Charles N. Gould,

director of the Oklahoma Geological

Survey, the Wilcox sand is to be

found at depth ranging from 5000 to

8000 feet in this part of the state.

This sand is the one laden with

"liquid gold" which has made famous

the Greater Seminole pool, approxi-

mately 75 miles southeast.

TOMMY LOUGHRAN WANTS MANY BOUTS

PHILADELPHIA—It's an old story

to hear a new champion tell the world:

"I'm going to be a fighting champion

driving 'em all on."

Tommy Loughran, who recently

proved his claim to the world's light

weight championship by defeating

Jimmy Slattery, improved a little

in the decision of his fight when he said:

"I'll fight 12 times a year if the

arrangements can be made."

Singularly, Loughran apparently

meant that he would be a fighting

champion.

He had hardly slept off the prepara-

tion for the Slattery fight when he

decided to jump into training for the

defense of his title against Leo Lonski

which was the toughest battle in which

he ever was engaged.

Gene Critch, the brilliant Frenchman,

who defended the featherweight cham-

pionship against Johnny Dundee with

in a few months after he had been

lost to Johnny Kilbane, certainly did

not more than Loughran is doing.

"One month from now I will give

Slattery a return battle for the title

if he wants it," Loughran says.

NEW FORD MAKES 9,000 MILE TRIP

FORD, Ont.—Ray Dahlinger on the

last lap of a 9,000 mile trip that circled

the United States passed through here

today in a new Ford car. Twenty-one

days ago he left Detroit and travelled

eastward to San Francisco, then down

to Los Angeles and up through the

southwestern states to Toledo and

from there to New York City and

back to Detroit via Niagara Falls and

Windsor. Mr. Dahlinger has driven

every mile of the way, using repre-

sentatives of the Ford Motor Company

only as guides. He pointed out that

the water in the radiator was the

same as that placed there in San

Francisco. Severe storms were en-

countered in New Mexico, New York

State and some rough going between

Hamilton and Windsor, but the entire

trip was unmarred by accidents or

repairs.

Mr. Dahlinger stated that his longest

session at the wheel was 29 hours

without sleep. Between New York and

Albany he had to contend with a

severe storm which caused him to

change a sheet of ice. In New Mexico

his greatest obstacle was a blinding

snow storm and in Arizona the roads

were dry and covered with sharp

rocks. The car driven by this enter-

prise pilot is a standard Tudor sedan

and left the assembly line in Dearborn

land included in the Elwood School  
District.

## Turning Point in Canadian West's History

1—Barge carrying the "Countess of Dufferin" on Red River. 2—G. C. Swinbank, locomotive engineer of "Countess of Dufferin." 3—Mr. Swinbank, fireman on "Countess of Dufferin." 4—"Countess of Dufferin" as she is today resting in a Winnipeg park.

Fifty years ago, Winnipeg church bells were ringing wildly and the few steam whistles in the city were screaming with joy. On that day a new and thrilling news was spread to the tumult. It was the sound of the first locomotive whistling to shatter the Peace and quiet of the little prairie city.

The day marked the occasion of the arrival of the engine now known as the "Countess of Dufferin," brought to Winnipeg in connection with the construction of the Canadian Pacific Railway. And the event was celebrated by the entire population, following the issue of an extra edition of the only daily paper, announcing the coming, was termed "A Historic Day," one of the greatest importance to the entire North-West.

The first engine, forerunner of hundreds of others, did not enter Winnipeg mounted on rail. Though steam was up in order to start the engine, it was the chorus of welcome the wheels of the engine roared the Red River by the steamer "Selkirk." The barge and steamer were fully decorated with flags and bunting, and the engine itself was polished and brightly decked with ribbons.

The "Countess" considered half a century ago as a "toy" was a mechanical accomplishment was due to arrive in Winnipeg early on the morning of October 9, 1877.

The "Countess" did not arrive that day, but the text, for the difficulty of navigation with a low of six barges were too great for speedy progress.

The engine bears the name of the wife of the then Governor-General, Lady Dufferin, who formally christened it at Plater's Landing, and today she stands in a shiny coat of black paint, decorated with gay flower boxes in the C.P.R. gardens at Winnipeg. And yet it was only the merest accident that prevented the "Countess of Dufferin" from being permanently relegated to the scrap heap. When her usefulness was over she was sold to the Columbia River Company, and in 1909 she was found in this company's scrap heap by Richard Waugh, a maverick Winnipeg. The old engine was handed over to the city of Winnipeg by Sir William Mackenzie, who thoroughly overhauled it in the C.P.R. shops and, in the spring of 1910, placed in its present location in Whyte Park.

There are fully as many as fifty men in Winnipeg who remember the arrival of the "Countess," among them is Dr. Charles N. Bell, one of the founders of the Winnipeg Grain Exchange, who handled the arrival for the customs department.

The iron "Countess" was built by the Baldwin Locomotive Company in 1872, and purchased by the Canadian Pacific Railway for \$5,00

## TWENTY-ONE YEARS

It is over twenty-one years since this Farmers' Company began business. Now, with its twenty-one years of experience, it is in a better position than it has ever been to give valuable service to the farmers of Western Canada.

### HIDE PRICES HAVE BEEN ADVANCING

TORONTO.—Considerable strength has been shown in the Canadian market for hides and leather during the past few months. The advance in prices has been so marked it is generally agreed that manufacturers of boots and shoes and other leather products will be forced to make important adjustments in the price of the finished products.

For some time past the leather industry has been operating under adverse conditions. While production has been on a fairly large scale, capacity has been in excess of domestic needs. Competition has been and is exceedingly keen and for the most part prices have been very much lower. Had marketing conditions been more favorable, the high costs of manufacturing would have been absorbed without trouble, but such has not been the case.

At present, the greatest problem confronting the producers of leather products is in purchasing raw materials on a favorable basis. Both the Canadian and American prices on hides and leather have shown heavy advances. Cable advice received from the other side advises that the English market is bare of stocks of leather and hides; leather market around prices advancing and the tanners unable to buy hides for forward shipment as further large advances are expected. The shortage in Great Britain and the continent is viewed with apprehension by the trade.

It is this country are of the opinion that the present state of affairs will continue for some time and that prices will advance to levels higher than those now prevailing.

### ROYAL BANK PROGRESS

MONTREAL.—Having leapt ahead into the foremost position in the Canadian banking world, the annual report of the Royal Bank of Canada for the year ending November 30 last, with assets and earnings larger than ever before shown by any Canadian bank, makes extremely satisfactory reading to the shareholders of the institution.

The total assets of the bank at the end of its fiscal year show an increase of over \$18,000,000. That this extraordinary substantial increase is not due to one or two particularly large transactions in which the bank was engaged at the end of its year may be judged from the fact that the funds on deposit with the bank have also increased by nearly \$110,000,000 in the past year.

Increased demand for funds of the bank in connection with Canadian business is reflected by higher commercial loans in Canada; these are shown at \$225,536,860, as against \$197,758,230 last year. The growth in commercial loans outside Canada is by comparison considerably smaller, total commercial loans being \$381,190,498, as against \$388,776,822. Call loans show a sharp increase.

During the year the bank increased both its paid up capital and its reserves from \$24,000,000 to \$29,000,000. Notes of the bank in circulation show a substantial increase which naturally followed the improvement in general business conditions in Canada. The extension of the bank's foreign business is seen in the larger balances due to, and due by other than Canadian banks.

### LIFE SPAN OF HUNDRED YEARS IS POSSIBLE

BATTLE CREEK, Mich.—The average man may yet achieve a life span of 100 years, in the opinion of Dr. Eugene Lyman Fiske, medical director of the Life Extension Institute.

Dr. Fiske, who was here to address the race betterment conference, said that advances in hygiene, eugenics and preventive medicine have added 57 years to the average life expectancy in the last 400 years. With continued progress in these fields it is natural to assume that the span will be lengthened.

There is no known limit to the

### DEALER SEES GOOD FUTURE FOR HORSES

ALIC, Galbraith, Edmonton, pioneer western horse-dealer, and international authority on horseflesh, thinks the signs are favorable for the breeders of horses in this country. Mr. Galbraith states that more horses were sold at the International fair in Chicago this year than were sold in the whole of the two preceding years, and that the bulk of this stock went to the plains of western Canada.

Mr. Galbraith has judged horses to be an exhibitor at the Chicago fair for 45 years out of the 45 since he commenced attending them. Only once in that time has he missed a fair and that year he was over in the Old Country. He has judged at some time or another at all large fairs held on this continent, and in speaking to the trade and breeders at Brandon on the subject of prospects and prospects for Horse Breeding.

In company with his three brothers (all now deceased) Mr. Galbraith went into the horse importing business and in the eighties and nineties was one of the largest importers on the continent, with headquarters at Jenaville, Wis. In 1891 he opened a branch at Brandon, importing Clydesdales mainly. Of late he has had various other interests, including being superintendent of fairs and institutes for Alberta during eight years and being connected with the immigration department of the Dominion government for three years.

### LANGDON

A sleighing party of thirty-five friends surprised Mr. and Mrs. W. Smith Tuesday evening, January 2d. "Sh" was played, lunch was served, and the report is "one of the best times we ever had". Bill Winters and Mrs. Smith got the first prizes, and Mrs. H. W. Jesse and Al Bishop carried away the "boobies".

The annual meeting of School District No. 220, was held in the Town Hall Saturday afternoon. Mrs. A. McNeil was elected as trustee to fill the vacancy caused by Mrs. B. Cowen's term having expired.

Mr. and Mrs. J. C. Fortin left last Tuesday for California to spend the rest of the winter. D. Snider and family moved into the Fortin house.

At a meeting of the Hockey Club, it was decided to hold a carnival on February 3rd. The ice at the rink is now in fair shape, and crowds of skaters are enjoying this wonderful sport every afternoon and evening.

Chester played hockey here Sunday, and the score was 7 to 0 in favor of Langdon.

A series of five "500" parties will begin January 8th, in the W. I. rooms. Prizes will be given every Monday night, and grand prizes at the end of the series.

### BACON EXPORTS

#### EXCEED IMPORTS

OTTAWA.—Canada exported \$91,590 worth of bacon and hams during the month of November, and in the same period imported from other countries only \$44,142 worth. These figures are set down in a return issued today by the Dominion Bureau of Statistics. The United Kingdom was Canada's best customer, taking \$75,506 worth of the total monthly value. The United States was second, importing \$66,000 lbs. valued at \$160,117. The monthly export was slightly higher than for the corresponding period last year when \$948,296 worth of bacon and hams was exported.

The total value of exports of these commodities for the twelve months ended November 30, was \$19,139,959.

These lifeline maps might acquire by scientific method and control of his tissues," Dr. Fiske stated.

### I Saw Last Week

NORMAN GALLIS looking for a dime from Walter Hovner after the Arrow-wood game, and he is still looking. JOHN KATZ back to his old form, the "toaster game". A COUPLE OF LADIES warning Day Price to be careful what he said to them. T. J. WEALES rushing the season on Sunday, carrying his umbrella, safety first. JIM WEIR, presenting a letter from Harry Miner, FRED CUTT hitting at midnight for a lost wife. DICK LILLY all smiles over the success of his insurance business. D. N. GARHNER trying to locate his policeman so that he could attend the hockey match. JIM WEIR lamenting that Harry Miner was away from home during the cold weather, when he had to do all the stoking. BILL RISON trying to work up a new name for the Frobus Club. FRED DUNN sitting up late at night planning a new editorial for next month's Strathmore Elk. NORMAN GATTENBY back from his Calgary trip, sound in mind and limb, and just rarin' to go. WALTER MERCHER looking over the school property on Sunday. CHARLIE GIBBON explaining to Mr. Currie how to make chickens lay in the winter. ERNEST WRIGHT returning from a hall, with his best girl at Calgary. PERCY PARISH partially laid up for repairs the day after New Year's; this living carries with it an awful penalty. LESLIE WEST arranging the U.F.A. annual meeting. HOMER NELSON meeting with difficulty in the Grapes Vine Tint at the Old Times' Dance. JOHN HARTFISTE dissolving partnership with his latest schoolmate. ALDERMAN SCHULTE on the return trip from Yak. ERNIE WHITEBIDE, informant among the "Mooners" are silly in the head. THE RESTAURANT MAN at Gleichen asking M. K. King if he required trying to figure out what he meant. D. N. GARHNER supplying facts and figures to W. H. A. Thompson, Chartered Accountant, on the double, and the big audit for Dow Valley all complete on January 4th. ALTA DOY, B. L. RAINIER leaving for Calgary on Sunday. Bill says he did not buy a store at Chaucery's, New where Bill got that "sweet stone" RAY MELVIN getting ready to fill Geo. H. Jones' chair at the Elk's Lodge. HARVEY HANSON out scouting for his Champion Saskatchewan. HOPE, PRESIDENT E. N. RIDLEY trying to arrange the curling schedule so that he would not miss the big I.O.D.E. debate on January 19th. E. N. RIDLEY greeting Major and Mrs. F. Young and family on their return to sunny Alberta from the Land of the Bluesoes. J. CAMMAERT giving the members of the Frobus Club some real facts of keeping winter roads open. GEO. F. KIRKIN preparing for the Old Times Dance on January 20th. MEMBERS OF THE I.O.D.E. congratulating themselves upon the outlook for a very successful debate on January 19th, in the Memorial Hall. FRANK CLUTCHIE making good progress with his telephone studies. THE HOOGAIGANS in great glee when the locals trimmed Bob Anderson's Hockey Rangers 9 to 0. J. P. LOWERY doing a cake-walk on Monday, celebrating the safe and sound arrival of a promising son at the "Tepee Ranch" on Sunday, January 8th. WALTER RISON sporting a beautiful colored optic, having met in combat with the puck in the Cairns-Carleton game, and the puck won.

## "It made the best bread I ever tasted"

THAT IS WHAT HOUSEWIVES IN WESTERN CANADA SAY ABOUT SPILLERS "BAKE-RITE" FLOUR

A housewife in Sardin, B.C. says:

"I baked a large batch of bread, a pan of biscuits and a cake and I found 'Bake-Rite' very satisfactory indeed."

"I have tried every brand of flour on the market, and they are not to be compared with 'Bake-Rite' flour."

"It was the best bread we have had in the house since before the war. It is not sticky and sticky in the kneading. I found it did not stick to my hands like ordinary flour."

"I must say I am very pleased with 'Bake-Rite'."

(Original letter in file)

"Everybody likes home made bread"

## SPILLERS DAYLIGHT MILLS

### LISTENS TO HER FUNERAL SERMON

LURAY, Virginia—Having listened to a funeral sermon preached over the coffin in which she spent the night, unable to signal those who believed her dead, Miss Fannie Broyles is alive today at her home near here.

A brother, James Broyles, who stood about the casket with other mourning relatives, noticed a twitching of his sister's eyelid, and the funeral services were halted and resuscitation efforts began. In a short time the girl was able to talk. She said she was aware of all that occurred around her as she lay in the casket, but, still stunned from a blow on the head from a tree limb that fell upon her, was unable to move or speak.

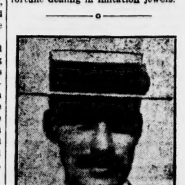

Finally, she said, her fear of being buried alive must have revived her nerves so that one eyelid fluttered.

Under a physician's care, she supposedly dead girl came back to life, she is declared to have fully recovered.

### TWO MILLION DOLLAR GIFT TO INSTITUTION

NEW YORK—Fifty-four years ago an institution in San Francisco opened its doors to a boy of ten and cared

for him. Now Santa Claus is bringing most of a \$2,000,000 estate to the Pacific Hebrew Orphan Asylum and Home Society. It is a bequest from Rube Robert Fogel, who amassed a fortune dealing in imitation jewels.

RECEIVES HIGH APPOINTMENT  
Sir Basil Blackett, Finance Member of the Indian Government, has been appointed financial adviser to the Federal Reserve Bank of the United States.

## ROCKYFORD

Mrs. Swanson, of Irtana, has been  
the guest of her sister, Mrs. R. L.  
Stone during the holidays.

Miss Mary O. Neill, of Calgary, spent  
New Year's with Mr. and Mrs. J. H.  
McClure.

The New Year's Dance, which was  
held in the Rockyford Hall January  
2nd, was a decided success.

The Rockyford Hatpayers Association  
are putting on a cribbage tourna-  
ment this month. Get practised up  
and enter the race.

Mr. and Mrs. Claude Sangster, of  
Rosbeed, and Mr. and Mrs. Gregg,  
of Calgary, were New Year's guests at  
the Sangster home.

We notice the school teachers have  
all returned to take up their duties  
again.

Mr. W. Gillespie and W. Carpenter  
have taken over the John Deere  
machinery agency and Cockbait  
Plow agency from L. M. Katterhagen,  
effective January 1st, 1928.

The telephone department are con-  
structing a new line to the Jarvis  
school, which should be completed this  
week. The number will be R-100.

Have you joined the Skating Club  
yet?

Mr. and Mrs. W. Rudd and Mrs. I.  
V. Bish are spending a few days at  
Banff.

The young people held a sleighing  
party at Newworth's Thursday evening.  
A good time was reported by all.  
A party was held at Danmore's  
Saturday evening.

Mr. R. L. Stone and children have  
returned from their trip east, reporting  
a good time.

Keep Burn's Nick, January 25th, in  
mind. There is going to be big doings  
that night in Rockyford.

The ladies of St. Rita's Parish held  
a miscellaneous shower and whist  
drive at Fr. J. A. Kilien's residence  
last Friday. The shower was for the  
purpose of replenishing a few of the  
necessaries required at the  
Rectory, and Fr. Kilien was the recipient  
of many useful and appropriate  
gifts. About fifty of the local citizens  
were present, and played whist, after  
which a dainty lunch was served by  
the ladies. Fr. Kilien made a few  
remarks, in which he thanked the  
ladies of St. Rita's for their efforts  
on behalf of the church and himself,  
and for the many gifts received.

## HOCKEY AT ROCKYFORD

The game between Drumheller Cana-  
dian Nationals and Rockyford was  
played on the local rink last Sunday  
evening. A real exciting game. The  
score was 2-1 in favor of the Drumheller  
boys.

In the first and second periods  
there was no score for either team;  
the third period the game wasn't shy  
body until the last 10 minutes, when  
Rockyford slipped the puck into the  
Drumheller net. Not to be outdone,  
the Drumheller boys evened up the  
score, and just a few minutes before  
time, the Nationals slipped in a goal,  
thereby taking away the laurels.

The local boys put up a real snappy  
game, considering the state of the ice,  
which was quite soft, and that they  
have not had any practice this year.  
They made a good showing.

## THE LABEL

on your paper indicates the  
date on which your subscrip-  
tion expires. If you are in arrears  
we would appreciate an  
immediate settlement.

travel a considerable distance in order  
to be present and particularly by that  
of Mr. Geo. DePue and the other  
officers and members of Rosbeed  
Lodge who had so willingly made the  
long trip across country to attend  
and assist at the ceremony of the  
new Lodge they best wishes.

A banquet was held immediately  
after the ceremony, and those present  
enjoyed the good time prepared by  
the ladies for the inner man.

Standard Lodge will hold its regu-  
lar meeting in the Masonic Hall,  
Standard, on the third Monday of  
each month, and visitors are assured  
of a hearty welcome.

## ANNUAL MEETING OF ST. MICHAEL'S CHURCH

(Continued from Front Page)

### Vestry

There have been six ordinary and  
one special meeting of your Vestry  
this year past. These gentlemen among  
their many other labors, have under-  
taken the painting of the parsonage  
house and church tower, provided the  
made for the decorations on East Win-  
dow of the Church, had the parsonage  
house wired for electric light, and  
taken steps with regards to repairs  
of the foundations of the Church  
fabric these foundations must be re-  
placed within ten years.

The proposal is to take advantage  
of the necessity of new foundation to  
construct a useful basement under the  
main fabric, raising the church out of  
flood, and forcing one foot deeper than  
the present furnace room.

The cost of excavating, building,  
insulating, and furnishing such a use-  
ful basement would be in the neigh-  
bourhood of \$1500. This could hardly  
be undertaken until two thirds of the  
estimated cost is in hand, meanwhile  
before drawing up plans we avail our-  
selves as to how deep a dry cell  
basement is in the locality of the  
Church. You will, however, be asked  
to appoint a committee to canvas the  
neighbourhood for funds for the build-  
ing. There is at present in the ac-  
count known as the Church of England  
Parish Hall Fund, a sum of \$1710.00  
which is the balance of the money for  
the building of the Parish Hall, such  
this basement would be.

The sooner the work is commenced,  
the sooner we will have the use of  
this added accommodation. The present  
foundation is badly decayed and  
must be replaced. It is during its re-  
placement, a useful room or rooms  
can be built, it would add not only to  
the comfort of the Church in winter,  
but would also make a useful place of  
assembly for the Sunday School and  
kindergarten societies.

### Automobile

It is hoped that the executive com-  
mittee of the Synod of the Diocese of  
Calgary will have sufficient funds to  
enable the members to make a  
grant in aid of the purchase of an  
automobile during the coming spring.  
Some means of transportation is es-  
sential if proper pastoral care of old  
residents and newcomers in the sur-  
rounding district is to be attended to.  
Whether funds are in hand or not de-  
pends largely on whether parties like  
themselves should a due share of the  
Synod Assessment for 1928.  
One of the aims for a grant towards  
cost of means of transportation. I  
trust that if such grant cannot be  
made, it will not be the fault of the  
members of St. Michael's. Copies of  
Tract No. 1 of the Diocese of Calgary  
are in your hands, and it tells in  
detail the way in which the money of  
the Diocese is made up, and how  
it is proposed to raise the necessary  
funds.

### Finances

Your Wardens will report on the  
financial affairs of the Parish.  
Balance Sheet for Year Ending  
December 31st, 1927.

\$1589.51

\$1589.51 has been subscribed and ex-  
pended on account of Parish for Church  
and Rectory.

W. Springhouse, while going home  
on Tuesday night from work, slipped  
and injured his leg, which put him on  
the invalid list for a short time.

Chas. Keeling, while unloading a  
big barrel of molasses, had a finger on  
his right hand very badly injured.  
Charlie says it interferes very much  
with writing checks, but that his leg  
is in fine shape to carry on the  
work of collections.

The annual congregational meeting  
of the United Church will be held on  
Tuesday, January 17th. All members  
and adherents of the congregation are  
invited to meet in the basement for  
supper at 6.30 p.m., after which re-  
ports will be given from the different  
organizations within the Church, and  
all regular business belonging to this  
meeting will be dealt with.

Miss Sylvia Knyvett is on the ice  
slit, but hopes to be able to be out  
again shortly.

N. J. Morris, of Standard, has been  
appointed an official auditor.

Frank Young and family returned  
on Sunday from St. Johns, N.B.

Mrs. Tom Chamberlain entertained  
a party of friends on Saturday  
evening last, for Miss Margaret Wal-  
ton, who left on Tuesday for her home  
in Edmonton. Her departure is great  
ly regretted among her friends, who  
are many.

Mrs. Van Tishem invited a few  
friends Tuesday afternoon to welcome  
Mrs. Frank Young back to Strathmore,  
and enjoy a chat over the tea cups.

Mrs. McGivray entertained a num-  
ber of little girls Tuesday at a party  
to celebrate Ann's birthday.

Frederick Ridley is making a good  
recovery from his illness.

The friends of Mrs. C. A. Lyall  
will be sorry to learn she is ill.

As the time draws nearer, the in-  
terest grows keener in the two debates  
to be given Thursday, January 19th,  
under the auspices of the L.O.D.E.

Mrs. Neal McDonald, who has been  
confined to the house for a few days  
with the flu, is able to be out again.

Mr. Joseph French returned from  
Vancouver on Sunday.

Friends of W. G. Knyvett will be  
glad to learn that he is improving  
under treatment at the Belcher Hos-  
pital, Calgary.

A whist drive and dance will be  
held in the Nightingale Hall on Friday  
night, January 13th, when the usual  
Nightingale good time is anticipated.

M. S. Patterson has been reading  
Roman history, and has discovered  
that Mark Antony was a true Scot and  
not a Roman, which is proven in his  
great speech in which he eloquently  
requested from the people: "Give me  
thine ears." Guess that will hold true  
Schulle and George Quinn for a few  
days.

The New Year passed and Dr. W.  
Giffen put on the good side of the  
stork, hence the first baby for the  
year was a boy presented to Mr. and  
Mrs. I. O. Wheeler at Mrs. McCallum's  
hospital. Congratulations are extend-  
ed.

Mrs. Gilbert Patrick was the hostess  
on Thursday last of a "showers" bridge  
party given in honor of Miss Margaret  
Watson, whose marriage to Mr. John  
Watson of the C.P.R. Irrigation staff,  
takes place early next month in Ed-  
monton. Bridge was played at four  
tables, after which the players ad-  
joined to the dining room, where  
Mrs. Ridley and Mrs. George Berry  
presided over the tea and coffee cups,  
and were assisted by Mrs. McLennan  
and Miss Mary Gibson. The popular  
bride-elect looked charming in a  
Crown of white georgette with coral  
beaded panels and small hat of  
ciel-blue. An amusing diversion oc-  
curred when a small but sedate Santa  
Claus (personated by Miss Joan  
Barber) arrived with a pack full of  
dainty and useful gifts from the bridge  
players, who had all been fortu-  
nately associated with Miss Watson in  
card and bridge club circles. The fortunate  
and skilful winners of the bridge  
party were Mrs. Knyvett and Mrs.  
Tom Chamberlain.

Calhills Hockey Club vs. Carleton  
met on Sunday afternoon on Carhills  
ice, defeating the latter 1-6. This  
was an excellent game, and kept Geo.  
McLennan, the referee, on his toes, and  
finally landed Frank Inley and his  
Carleton rival in the penalty box for  
two minutes.

Frank Miller, of Coramont, was in  
town renewing acquaintances.

The following line appears in The  
Advertiser, of Tipton, Iowa: "Miss  
Easter Zerke, who has been attending  
Cornel College conservatory of music,  
is spending her Christmas vacation at  
her grandfather J. W. Reeder's home,  
Miss Zerke sang a solo, "Oh, Holy  
Night," at the Christmas services at  
the M. E. Church Sunday morning."

## COMING EVENTS

A regular meeting of the Women's  
Institute was held at the home of  
Mrs. Way on Wednesday, January 10.

Tuesday, January 17th, annual meet-  
ing of the congregation of the United  
Church, supper served at 6.30 p.m.

Whist Drive and Dance on Friday,  
January 13th, at Nightingale Hall,  
Good music.

The Girl Guides will hold a Tea on  
Saturday, January 14th, in the King  
Edward sample room from 3 p.m. to  
5 p.m.

The Hall Committee have arranged  
a dance for January 15th in the Night-  
ingale Hall. Three piece orchestra.

"Running Wild" will be the picture  
at Hill's Theatre Friday and Satur-  
day.

Watch for further particulars of the  
Big Banquet, Concert and Dance by  
the Curling Club on Monday, January  
26th. Keep this date open.

## I Forgot

To pay my subscrip-  
tion to the Standard,  
that's the explanation  
we often get when  
subscribers repeatedly  
discover that they are  
in arrears. The amount  
is small, but in the  
aggregate totals an  
amount that can  
always be used in a  
publishing office.

Look up your label  
and see if you have  
"Forgot".

## THANK YOU.

## DALEMEAD

A lively meeting of the Junior  
U.F.A. was held in the Hall last Sat-  
urday evening, over sixteen Juniors be-  
ing present, as well as Mr. Dixon,  
supervisor, President Janie Rae gave  
a very fine report, and also the sec-  
retary, who announced a very favor-  
able balance in the treasury. Officers  
for 1928 were elected, and these are:  
Ralph Connor, president; Bob Chal-  
mer, secretary; and Mrs. J. W. Kemp,  
treasurer. Past officers were elected on  
the program committee.

A delightful house party was held at  
the home of Mr. and Mrs. Martin Van  
der Velde in honor of the recent mar-  
riage of their daughter. Their home  
was packed for the evening, and Mrs.  
Jesse Chilton, the bride, was the recipient  
of many beautiful and useful  
gifts. Everyone spent a very enjoyable  
evening.

Mr. and Mrs. Chilton left for Cairns  
last Thursday evening, and they will  
take up their residence.

The U.F.A. held their box social  
last Friday evening, and netted some  
thirty five dollars. A dance concluded  
the evening's entertainment, and every  
one reports an enjoyable evening.

Mr. Cowell, father of Mrs. Andrew  
Van der Velde, and C. Cowell, passed  
on at his home in Calgary last week.  
Funeral services were held at Calgary,  
and we would extend our heartfelt  
sympathy to the bereaved.

Now Is the Time To Place Your Order  
—for the—  
**NEW FORD CAR**

We already have between fifteen and twenty orders which will be filled in strict rotation. In order to be assured of early delivery place your order NOW.

WE HAVE ORDERED TWO CARLOADS OF  
THE FAMOUS

## McCormack Deering Tractors

to arrive here on or about February 1st, when we will be in a position to make prompt delivery.

If you are considering a Tractor for spring work, it will be well worth your while to look this one over, which is second to none.

We are here to give you service.

## HUGHES MOTORS

STRATHMORE ALBERTA ROCKYFORD

### HEARD ON THE STREET

Women sure are a puzzle problem. Man cannot get along with them or without them, yet he is not content to leave them alone.—Blairmore Enter, prize.

Ernie Whitelake says if Bro. Bart left doesn't leave them alone he will soon know a helva lot more than he got in his recent book.

A motorist called in at the Royal Crown Hotel, Corneration:

"I want to see something fancy and grotesque for a car mascot."  
"Father!" shouted Georgia, "You're wanted!"

"Help your wife," says Bill Tierney. "When she mops up the floor, mop up the floor with her."

Isn't that the kind of advice one might expect from a crusty old bachelor from Amprion.

"Tony" Griggs starts the New Year with the following sermonette:

**FOLKS:**—When yer feelin' kinda groggy, and yer pep begin to droop, an' the path ye're in sogg, an' ye just don't give a hoop, you had better pay attention to yer system. Listen here, you will pardon if I mention that there's something in it.

It ain't natural for a fella to go stuffin' through the day, and it ain't because he's yellin' 'cause most men of that way, if in anything yer doin', it is tough to go along. Waiter, yer stop. There's sumptin's, trawky wrong.

Now and then we get lazy. Feel like loafin' as we please, but when every outlook's hazy—well, yer flarin' with disease. Maybe evercove has done it. Too much toll and little play. When a fella once begins, comes the time when he must play.

After all, the road to travel is the one of good brains. Mix yer work with play—unravel them that night grow overboard. Understand, over doin' always at your own expense. Break down is the thing that's brewin'. Why not use a rod common sense?

Louis Grange-polls met Harold Smith last week, and Harold was looking some thoughtful for him. So Louis says: "Any you, trying to corner a idea?" says he. "Well," Harold says, "it's this way," says he. "I got kind of mixed up in a thought yesterday was Saturday," he says, "an' so I took a bath," says he. "An' now I don't jest know how I'm going to work it around so's I'll come out."

Roy Miner had a man named Boldin, foreman of his threshing crew, but his man was no known to all the men under him. One day he came across Jim Swanson and a couple of other men sitting down at a corner and stopped near them.

"Who are you?" asked Jim.

"Jim Dodgin, the new foreman," he replied.

"So are we. Sit down and have a smoke," Jim invited.

right again," he says. "I guess the only way is to wait until Saturday week," says he.

Jim Swanson remarks that after having spent a couple of minutes talking to a couple of girls at the Big Dance, who kept crossing and uncrossing their lines, his eyes felt like a couple of permanent waves.

Doctor: "You have been at death's door, and only your strong constitution saved you."

Patient: "Kindly remember that when you see in your bill, Doctor."

The doctor gazed at his patient's eye. "You say you have trouble with it," he said. "But there's something more. On looking at it I see signs of liver trouble, of anemia, and I fear a chronic nervous affection."

"Look at the other eye," said the patient. "This is my glass eye, you see."

He: "I wish I had a nickel for every girl I've kissed."

She: "What would you do? Buy yourself a package of gum?"

### CANADIAN MINE DIVIDENDS

MONTREAL—Canada's mines in 1927 distributed \$23,664,210.35 in dividends.

Hollinger led all with over six millions paid shareholders.

International Nickel on its two classes of stock paid nearly four millions.

Mond Nickel on its three preferred issues and ordinary shares distributed nearly two millions.

Consolidated Smelters with two payments made a total of \$2,500,000.

Lake Shore Wright Hargreaves, Premier and Dome all distributed over a million.

### ANOTHER ATLANTIC FLYER

Mrs. F. W. Grayson, who will attempt to fly from New York to Denmark in a Sikorsky plane as soon as the weather is favorable. Mrs. Grayson hopes to be the first woman to accomplish this feat, especially in view of Miss Alder's failure.

## OUTLOOK FOR CANADIAN BUSINESS VERY BRIGHT

TORONTO—Business enters the new year on a lower scale than that prevalent at the beginning of 1927. In all likelihood there will be a reversal of conditions that prevailed in the past twelve months this year, activity in all lines was at the peak, then came a decline followed by a period of readjustment.

We are in a new era of business that is characterized by stability but only relative stability of industrial activity of credit rates and of commodity prices, says Colonel L. Ayres, noted American economist. The credit stringency that formerly came in business cycles is still with us, but it no longer runs through the old wide swings of profound depression to feverish prosperity and back again. Its irregularities have been in large measure smoothed out. Its peaks have been partly tamed off, and its valleys largely filled in. We need no longer fear the severe times of unusual business activity, and since our credit supplies are now ample, the movements of security prices no longer bear the same relationships to the business cycles that they did formerly.

**New Business Era**  
We are now in the closing phases of the first of the business cycles of this new type. We have had a long period of prosperity which has finally given way to a slow decline that has already reached mild depression levels in some lines. Production has fallen off, commodity prices have declined, profit margins have narrowed, and inventories have increased.

A preliminary estimate of results achieved in 1927, prepared by the Financial Post Year Book, 1928, shows that the gross amount of revenue received by Canadians during the year was \$7,757,796, or about \$69,000,000 more than that recorded in the preceding year. This assures an equal, if not greater, purchasing power during the first half of the coming year. As far as can be ascertained there will be comparatively little change in the relative buying power of the various provinces, with the exception of Alberta, which records a substantial increase. Minor decreases are estimated for Prince Edward Island, Manitoba, and Ontario, but on the whole, the situation is distinctly encouraging.

**Great Conditions Sound**  
As has been pointed out from time to time lower commodity values and keener competition have not permitted the accumulation of large profits as in other years. While the physical value of production in practically every major industry shows an increase in 1927 as compared with the preceding year, the ratio of increase in value of production was not on the same level. Taken all in all, however, the showing made by Canadian industries in 1927 speaks well of the stability of conditions.

Analysis of the returns made shows that revenue from agriculture is approximately the same as in 1926. Although the value of field crops was higher, the decline in root and fodder values was sufficient to offset the gain. A sharp drop in automobile production and in allied lines affected manufactures, but other lines were more active, which enabled this source of revenue to report an increase. Income from electric power made its usual gain, while forestry and fishing, minor, also displayed strength, as is evident by the higher values reported from month to month.

### Automobile Output Off

There are no unusual features of the current business situation which have not already been touched upon. Passenger and truck production last month recorded another decline as compared with the corresponding month last year. Altogether 6,317 units were produced as compared with 8,252. Aggregate production for the first eleven months of 1927 totals 175,991, as against 197,310 last year. It is not expected that December operations will result in any pronounced improvement.

Present prospects for the automobile industry and allied lines is encouraging. Orders received and being delivery indicate that production in 1928 will assume larger proportions—comparable to those in the first half of last year. This anticipated improvement will be reflected in the output of iron and steel and other lines.

### Revenue Freight Sets Record

It is fully anticipated that the freight movement on Canadian railroads for 1927 will establish a new record for volume. The movement of materials, both raw and manufactured, has been consistently heavy. For the period from the beginning of the year up to and including December 17, car loadings exceeded the total recorded for all of 1926. From April

to the end of August, car loadings on the Western division fluctuated around the 20,000 cars-a-week level, but up until the first week in April, and from September on, loadings marked up consistent and substantial gains over the figures for 1926. Much the same situation existed on Eastern lines, though the improvement in the latter part of the year was not so pronounced as in the West.

Car loadings this year have served as an excellent indicator of the volume of merchandise marketed and processed attained in the major industries. The detailed weekly reports show that with the exception of coal, pulp and paper and ore, all lines were more active. In the case of the pulp and paper industry, the freight figures are somewhat misleading in so far as production is concerned. This industry has recorded a substantial increase in the output of paper this year, and though exports have not increased in ratio, conditions were satisfactory throughout the year.

### FIRST STRATHMORE TROOP BOY SCOUTS

### NEW INITIATION CEREMONY FOR SCOUTS

The Chief Scout, Sir Robert Baden-Powell, has drawn up a form of initiation ceremony, based on the initiation ceremony of ancient knights, for the enrolment ceremony of Rover Scouts. The ceremony includes questions similar to those put to knights in the days of old, and picturesque and symbolic ceremonies.

The candidate first has to keep a lone vigil in some quiet spot in the open, or in a chapel, where he is guarded from interruption by his sponsors. During this vigil he must ask himself whether he has any doubts about continuing the ceremony, and such questions as, "Am I absolutely honorable, trustworthy, and truthful?" "What are my bad points?" "Have I pluck and patience to stick it when things are against me?" and, "Am I strong-minded enough to keep off temptations—to drink, to harm a girl or a woman?"

After the vigil the candidate is brought before the Rover Leader at a table covered with the St. George's Cross, on which is set an ewer of water, a basin, and a napkin. The Rover Leader says, "In ancient times it was the custom of those about to become knights to be lavied with water, in token of the washing away of past misdeeds, and as a sign that they were determined to commence afresh with a clean page. Are you willing to give such a sign?"

The candidate says, "I am," and then places his hands together over the basin. The sponsor takes the ewer and pours water over them, while the other takes the napkin and dries the candidate's hands. The ceremony concludes with the Rover Leader taking the new Rover Leader by the left hand and giving him a buffet on the left shoulder.—London Observer.

AUSTRALIAN BOY SCOUTS  
Sir Herbert H. Smith, a prominent Australian Boy Scout leader, has been elected to the position of Chief Scout of Australia for the year 1928. He will be inaugurated on January 15th at a special meeting of the Australian Scout Council.
